About Academies Australasia Group

Singapore – Australia

Academies Australasia College is a part of the Academies Australasia Group Limited. Established in 1908, Academies Australasia has been operating for more than 100 years. We have a long and successful experience in education and been listed on the Australian Securities Exchange in excess of 40 years. Academies Australasia Group offers more than 150 programmes to thousands of students across campuses in Australia (Sydney, Melbourne, Brisbane, Gold Coast, Adelaide, Perth and Armidale) and Singapore. Our students come from over 100 countries. This diverse student population creates a truly unique learning and social experience for learners. In Singapore, Academies Australasia College offers Australian and UK standard Diploma and Advanced Diploma programmes, English as a Foreign Language courses and Preparatory courses for Cambridge O-level examinations.

othm® qualifications

OTHM is a UK based awarding organisation. OTHM qualifications are approved and regulated by Ofqual (Office of the Qualifications and Examinations Regulation) with the same framework as UK universities. Hence, UK universities recognise OTHM qualifications and allow OTHM graduates (Level-5) to join relevant Bachelor's Degree final year programmes. OTHM holds a progression agreement with several UK universities. That means learners can also join relevant programmes offered at Study Centres/Partner Colleges/Overseas Campuses of UK universities.

LOGISTICS & SUPPLY CHAIN MANAGEMENT

Logistics and Supply Chain Management course provides individuals with an insight on the purchasing and procurement planning, risk assessment and forecasting of Logistics and Supply Chain Management. The importance of logistics and supply chain management is increasing in manufacturing companies as they are sourcing, producing, and distributing across the world. Logistics & Supply Chain Management, professionals are high in demand in various organisations in national as well as international level.

OTHM LEVEL 4 DIPLOMA IN LOGISTICS AND SUPPLY CHAIN MANAGEMENT

Objective

The objective of the OTHM Level 4 Diploma in Logistics and Supply Chain Management is to develop learners' understanding of theory and practice relating to their role in this sector. The qualification will provide learners with an opportunity to engage with the challenges facing professionals and policymakers in their own country. It will provide knowledge that underpins the ability to work as an effective practitioner in the logistics and supply chain sector. The units combine both theoretical and practical knowledge in the profession. They will develop and enhance knowledge and skills in effective performance, planning and accountability, development, and teamwork. Learners will be able to work in a variety of roles within logistics and supply chain management.
